04/12/2023		General Motors	Manufacturer Customer Satisfaction Program issued - Program #N222385490 POWER OUTLET RETROFIT EXP 4/30/26 - Status: Remedy Available Locate an authorized General Motors dealer to obtain more information about this campaign. 🚫 Learn more about this campaign
<p>Description: Due to the industry-wide semiconductor shortage, the DC/AC inverter which operates the power outlets (110/220V) is not functional on certain 2023 model year vehicles listed above, built beginning September 23, 2022. The affected vehicle owners should have been made aware of the condition at sale, and notified, that once parts are available, they would be eligible for a no additional cost retrofit to enable the feature.</p> <p>Remedy: Dealers are to install the accessory AC and DC power control module, install fuse, and reprogram the body control module (BCM).</p>

Glossary

First Owner

When the first owner(s) of a vehicle provides a Department of Motor Vehicles as proof of ownership.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Service Campaign

Automobile manufacturers issue a service campaign to address product technical issues that may not be related to safety or emissions standards. These issues are typically customer satisfaction initiatives.
